

# Archive, Fear There & Everywhere

Right side, Left side, Dark side  
Over my shoulder  
They're coming into my space  
Taking me over  
Into my eyes my ears  
Into my thinking  
I can't wear this feeling anymore

It's seeping seeping seeping seeping into my bones  
It's creeping creeping creeping creeping into my home  
Fake this  
Fake that  
It's so ugly  
It's just  
Fear there everywhere  
Burning inside of me  
Fear there everywhere  
Killing the light in me  
It's just  
Fear there everywhere  
Burning inside of me  
I can't live it  
I can't live it no more

Small eyes thick lies black cries  
Rolling us over  
It's no secret they have  
Taken the numbers  
Logged in logged out  
We stand isolated  
I just can't breathe

It's seeping seeping seeping seeping into my bones  
It's creeping creeping creeping creeping into my home  
Fake this  
Fake that  
It's so ugly  
It's just  
Fear there everywhere  
Burning inside of me  
Fear there everywhere  
Killing the light in me  
Fear there everywhere  
Burning inside of me  
I can't live it  
I can't live it no  
Fear there everywhere  
Burning inside of me  
Fear there everywhere  
Killing the light in me  
It's just  
Fear there everywhere  
Burning inside of me  
I can't live it  
I can't live it no more

Fear fear fear fear fear fear...

Fear there everywhere  
Burning inside of me  
Fear there everywhere  
Killing the light in me  
It's just  
Fear there everywhere

Burning inside of me  
I can't live it  
I can't live it no more  
Fear there everywhere  
Burning inside of me  
Fear there everywhere  
Killing the light in me  
It's just  
Fear there everywhere  
Burning inside of me  
I can't live it  
I can't live it no more
