Who the fuck? /4x  
Who the fuck is anything?  
You want? me down, mentally  
Gonna want you down, physically  
Let me take your soul  
There's a picture in my mouth

Quietly fucked  
Quietly gone  
/2x

Reality of dead  
Shy away from this  
This /8x

Demonic present is hanging over me  
Poison, venom is hanging over me  
Forced in venom taking over me  
Splitted demon hanging over  
Hanging over /2x

Who the fuck? /8x  
Who the fuck is anything?  
I'm bury down,  
Burning deep  
Underground  
Inside of me  
So violently

Who the fuck is anything?  
You broke me down mentally  
gonna take you down  
Violently  
Too violently  
So violently  
I'm mentally fucked

And when I close my eyes  
Remember how you die  
Lie in me  
So violently,  
Quietly  
Gone
