

Ariana Grande, Just For Now

Just for now (x6)

How did you know?
It's what I always wanted,
You can never have too many of these
Will ya quit kicking me under the table?
I'm trying, will somebody make her shut up about it?
Can we settle down please?

It's that time of year,
Leave all our hopelessnesses aside (if just for a little while)
Tears stop right here,
I know we've all had a bumpy ride (I'm secretly on your side)

Lie down
Deep breaths
Count to ten
Nod your head

I think something is burning,
Now you've ruined the whole thing
Muffle the smoke alarm
Whoever put on this music
Had better quick, sharp, remove it
Pour me another
Oh, don't wag your finger at me

It's that time of year,
Leave all our hopelessnesses aside (if just for a little while)
Tears stop right here,
I know we've all had a bumpy ride (I'm secretly on your side)

Will ya get me outta her, get me outta here, get me outta here
Just for now
