

# Ariana Grande, Lovin' It

Baby don't you know you got all my love (all my love)  
Baby don't you know you got all my love (all my love)

Hold up, wait, before you go just stay  
And talk to me for a little  
Baby, won't you loosen up just a little, uh?

See what you don't understand is falling in love wasn't part of my plan  
Started with a crush  
I call you my man?  
Thought, would I ever fall in love, ever fall in love again?

'Cause you give me chills every time we chill I spend all of my days  
Doin', doin'

Nothin' but lovin' you  
Nothin' but lovin' you baby  
(boy you got all my time)  
Lovin' you, lovin' you  
Lovin' it, lovin' it baby  
(Boy you got all my, all my)  
Love and affection  
All my attention  
You don't gotta question  
If I'm really  
Lovin' you, lovin' you  
Lovin' it, lovin' it baby  
(boy you got all my, all my)

Hold up, wait, shut up and kiss me, babe  
I just wanna get a little taste  
I just wanna get a little taste before you go

See what you don't understand is fallin' in love wasn't part of my plan  
Started with a crush  
I call you my man?  
Thought, would I ever fall in love, ever fall in love again?

'Cause you give me chills every time we chill  
I spend all of my days  
Doin', doin'

Nothin' but lovin' you,  
Nothin' but lovin' you baby (boy you got all my time)  
Lovin' you, lovin' you  
Lovin' it, lovin' it baby (boy you got all my, all my)  
Love and affection  
All my attention  
You don't gotta question  
If I'm really  
Lovin' you, lovin' you  
Lovin' it, lovin' it baby  
(boy you got all my, all my)

Savour my trust  
Don't mess this up  
(You got me fallin' in love, you got me fallin' love, you got me fallin' so hard)  
Boy you change the way I breathe  
When you put your lips on me  
I adore you  
So let me make it clear that you're the boy that all I need  
Oh baby

Nothin' but lovin' you,

Nothin' but lovin you baby  
(boy you got all my time)  
Lovin' you, lovin' you  
Lovin' it, lovin' it baby (boy you got all my, all my)  
Love and affection  
All my attention  
You don't gotta question  
If I'm really  
Lovin' you, lovin' you  
Lovin' it, lovin' it baby

Baby don't you know you got all my love (all my love)
