

Ariana Grande, Pink Champagne

Every day I'm grindin',
I don't even get a weekend.
Been livin' my life,
In black and white, no sleeping.
So tonight we're gonna flip it,
Like in a New York minute.
We're gonna hail a cab,
And don't look back,
Once we get in it.

Lemme hear you say,
Ooooh, ooooh,
Can't keep it bottled up?
Lemme hear you say,
Ooooh, ooooh,
Can't keep it bottled up?

Make it pop like Pink Champagne,
In the purple rain.
Gonna paint, paint, paint the city,
We're gonna show off all our pretty, pretty.
In a pink champagne,
Let 'em know our names.
Screamin' so loud,
They'll hear us in LA.
We're poppin' like pink champagne, (eh, eh)
We're poppin' like pink champagne, (eh, eh)
We're poppin' like pink champagne!

Don't need no guest list,
Everybody's invited,
I said "Even if you can't get in,
We'll dance outside it!"
We're gonna make this bubble,
Carbonate some trouble.
When life gets flat,
Gotta take it back to another level.

Lemme hear you say,
Ooooh, ooooh,
Can't keep it bottled up?
Lemme hear you say,
Ooooh, ooooh,
Can't keep it bottled up?

Make it pop like Pink Champagne,
In the purple rain.
Gonna paint, paint, paint the city,
We're gonna show off all our pretty, pretty.
In a pink champagne,
Let 'em know our names.
Screamin' so loud,
They'll hear us in LA.
We're poppin' like pink champagne, (eh, eh)
We're poppin' like pink champagne, (eh, eh)
We're poppin' like pink champagne!

Make it pop like,
Make it pop like,
Make it pop like,
Ooh... Ooh... Ooh... Oh,
Champagne, P-p-p-p-pink!

Make it pop like pink champagne,

In the purple rain!
We're gonna paint, paint, paint the city,
We're gonna show off all our pretty, pretty.
In a pink champagne!
Let 'em know our names!
Scream it so loud,
They'll hear us in LA (Whoa!)
We're poppin' like pink champagne! (Champagne!)
We're poppin' like pink champagne! (Noooo!)
We're poppin' like pink champagne!
