

# Ashley Yokashi, Believe In Love ( feat. Elle Vee, I

I used to wear my heart out  
Right out on my sleeve  
I used to wanna listen  
Cuz I still believed  
I used to think that love was  
Love was all I need

Until my heart was split in two  
I thought that it could not renew  
Until I found the likes of you  
I thought I'd never see the day where I'm okay  
To say I love you again  
Love you again  
Just like I did

When I was young  
And I still could believe in love  
When I was strong  
And I still could believe in love  
When I was sure  
Before my heart was broken  
You make me feel  
Like I can still believe in love  
(That's like you make me feel)

I used to lose my balance  
When someone got close  
I used to make them jealous  
So they want me most  
I used to think that love  
Was something to control

Until my heart was split in two  
A real love it never knew  
Until I found the likes of you  
I thought I'd never see the day where I'm okay  
To say I love you again  
Love you again  
Just like I did

So I dive into the deep end  
Hold my breath and let it sink in  
Maybe life it had no meaning  
Until you made me feel again  
(That I wanna be yours)
