

# ATB, Take A Moment (feat. David Frank)

Memories scattered all across the floor  
In a house that made us who we are  
Pretty soon, it won't look like this anymore  
But this feeling will never be too far

Take a moment with me, my dear  
For a chance to say goodbye  
Let it out but don't let the fear in  
Take a picture with your mind  
For a second, we'll see it clear  
One more look at paradise  
Ooh-oh, ooh-oh

We see the past wash away like sidewalk chalk  
Yeah, we're grown, that'll make it easy to watch  
Never accepted that it's not the way it was  
We drive by this place, will they notice our love?

Take a moment with me, my dear  
For a chance to say goodbye  
Let it out but don't let the fear in  
Take a picture with your mind  
For a second, we'll see it clear  
One more look at paradise  
Take a breath 'cause you're not dreaming  
And we're goin' to rewind

Even when we're fallin' apart  
Know you're always safe in my arms

Take a moment with me, my dear  
Take a moment with me, my dear  
Ooh-oh  
Ooh-oh (Take a moment)  
Ooh-oh

Take a moment with me, my dear
