

Audrey Mika, Excuses

When you ask where i've been
I said i am just sleeping in
Cause i just wanted to talk to you
Didn't know where to Begin

Cause you wanna know what i am thinking
But i don't really know what i am saying
With you no i don't have to fake it
Don't wanna mess this up
Don't wanna open up

All my excuses
Are useless
You see right through
Why do i do this
I am new to dis
Deja vu
I'd open up but
I don't trust
I want to cut the excuses
Cause the truth is

cut the excuses
cut the excuses
cut the excuses
cut the excuses
