

Aura Dione, Can't Steal The Music

I love you more than quit was good for me
I tried pretending nothing's wrong
You used to break me down with honesty
And now the honesty is gone
Still wrong /2x

So let me just for once
Let me dance to the music
You can't take that from me
Can I just for once
Can I dance to the music?
You can take that away
Can't Steal The Music

Can't Steal The Music

Last time I saw you it was dangerous
I gotta erase that part of mind
If it's bigger than the both of us
Why do I feel so small inside?
Still wrong /2x

So let me just for once
Let me dance to the music
You can't take that from me
Can I just for once
Can I dance to the music?
You can take that away
Can't Steal The Music

Can't Steal The Music /3x

Still wrong /2x
Still feel like a coward
But if I saw /2x
Now it would be over
Overpower

So let me just for once
Let me dance to the music
You can't take that from me
Can I just for once
Can I dance to the music?
You can take that away
Can't Steal The Music

Can't Steal The Music /4x
