

Aura, No Mercy

(Aaron Nordquist)

NO MERCY, not this time

You're never again gonna have this love of mine

You had it once and you had it twice

Back then our hands together felt so nice

These are more than simple words I say

I mean it more with each passing day

NO MERCY, not this time

I'm never again going to cross over that line

The first time we were together was oh so fun

Then you saw another guy and decide to run

I let you back after you looked sorry

Then I saw you making out with a guy named Harry

The guy everyone said you wanted to marry

NO MERCY, not this time

After what you put me through did you think that I'd be fine

Yes you're beautiful as could be. Any man can see.

But I know you're also just full

Of something called Bull

NO MERCY, not this time

NO MERCY, you'll never again be mine

NO MERCY, You think that you're so fine

NO MERCY, you think you're the reason the sun shines

NO MERCY, but all you are is a swine

NO MERCY

NO MERCY

NO MERCY
