

# Aurora, The Day It Rained Forever (Lasgo Remix)

(Bridge)

Is it really hurt

That i feel

Or is it just the thought of you that's killing me

I don't wanna break it

And watch it melt away

Is it really hurt

That i feel

Or is it just the thought of you that's killing me

I don't wanna break it

And watch it melt away

(Chorus)

When i wake

I feel the sun inside

I know I'll be alright

On the day it rained forever

All around

The walls are breaking down

Nothing makes a sound

On the day it rained forever

When i wake

I feel the sun inside

I know I'll be alright

On the day it rained forever

All around

The walls are breaking down

Nothing makes a sound

On the day it rained forever

(Bridge)

Is it really hurt

That i feel

Or is it just the thought of you that's killing me

I don't wanna break it

And watch it melt away

Is it really hurt

That i feel

Or is it just the thought of you that's killing me

I don't wanna break it

And watch it melt away

(Chorus)

When i wake

I feel the sun inside

I know I'll be alright

On the day it rained forever

All around

The walls are breaking down

Nothing makes a sound

On the day it rained forever

When i wake

I feel the sun inside

I know I'll be alright

On the day it rained forever

All around

The walls are breaking down

Nothing makes a sound

On the day it rained forever
