

AVAION, Other Side - feat. BUNT.

Got a feeling that I'm drowning all by your side
My mind gets numb from the pain that was left behind

So when you feel the same, will you take my hand
So when you heal this way, can we please pretend

So take away what's left behind
So you can feel the rain from the other side

So take away what's left behind
So you can feel the rain from the other side

Got a feeling that I'm drowning all by your side
My mind gets numb from the pain that was left behind

So when you feel the same, will you take my hand
So when you heal this way, can we please pretend

So take away what's left behind
So you can feel the rain from the other side

So take away what's left behind
So you can feel the rain from the other side
