Avalon, The Painting

A sleepless night Near my river that flows I'm longing to see your face

The winds are so high As I start to shiver And the clouds fade away

(chorus:)
Embrace me please
And let my dream come true
You are the vision in my painting in the sky
Over my land

And your beauty shines When the moon surrounds me Makes me feel so insecure

Can't you feel my pain As I'm reaching out for you And it's driving me insane

(chorus)
