## Avicii, SOS (ft. Aloe Blacc)

Can you hear me? S.O.S.
Help me put my mind to rest
Two times clean again, I'm actin' low
A pound of weed and a bag of blow

I can feel your love pullin' me up from the underground, and I don't need my drugs, we could be more than just part-time lovers

I can feel your touch pickin' me up from the underground, and I don't need my drugs, we could be more than just part-time lovers

We could be more than just part-time lovers We could be more than just part-time lovers

I get robbed of all my sleep As my thoughts begin to bleed I'd let go, but I don't know how Yeah, I don't know how, but I need to now

I can feel your love pullin' me up from the underground, and I don't need my drugs, we could be more than just part-time lovers I can feel your touch pickin' me up from the underground, and I don't need my drugs, we could be more than just part-time lovers I can feel your touch pickin' me up from the underground, and I don't need my drugs, we could be more than just part-time lovers

(We could be) We could be more than just part-time lovers (Part-time lovers, yeah) (More than, more than lovers) We could be more than just part-time lovers

Can you hear me? S.O.S. Help me put my mind to rest
