

Axwell & Ingrosso, More Than You Know

I just need to get it off my chest
More than you know
You should know that baby you're the best
More than you know

I saw it coming from miles away
I better speak if I got something to say
Cause it ain't over until she sings

You had your reasons
You had a few
But you know that I will go anywhere for you
Cause it ain't over until she sings

I just need to get it off my chest
More than you know
You should know that baby you're the best
More than you know

Your good intentions are sweet and pure
But they can never tame the fire like yours
No it ain't over until she sings

Right where you wanted
Down on my knees
You got me begging pretty baby set me free
Cause it ain't over until she sings

Come a little closer let me taste your smile
Until the morning light
Ain't no going back the way you look tonight
I see in your eyes

I just need to get it off my chest
More than you know
You should know that baby you're the best
More than you know
