

# B.B. King, Baby Look At You

Well, baby, baby, baby look at you  
Yes, I said baby, baby, baby, baby look at you  
Well, you want to jump on me and hurt me  
'Cos I won't let you tell me what to do  
Well, when I first met you baby  
You didn't know what love is about  
You were standin' on the streets beggin'  
And ragged as a barrel of sauerkraut  
Baby, baby, baby look at you  
Well now, you want to jump on me and hurt me  
'Cos I won't let you tell me what to do  
Well, you said once that you loved me  
I would always be your own  
And now you got your hands on some money, baby  
And you're drivin' B.B. away from home  
Well, you said that you loved me  
I always would be your man  
Now you thrown me outdoors  
And said "Go and do the best you can"
