

# B.B. King, Darlin' What Happened

Oh darling, what happened to that beautiful smile?  
The ones you gave me any time we were face to face  
Oh is it someone else taking my place  
Oh baby, what happened

Oh what happened to those fast heartbeats?  
The ones that excited me so  
Oh tell me, don't you love me  
Oh, baby, don't you care any more?  
Darling, what happened

Oh it's so sad what a little time can do  
Oh when you're hanging out with another  
Losing a love with you  
All those good times we had  
Baby, just me and you

Oh darling, before I go  
There's one thing I'd like to know  
Don't you love me?  
Don't you care any more?  
Darling, what happened
