

# B.B. King, I Need You Baby

Oh I need you baby  
Yes I need you baby  
Oh I need you baby  
Come on back home to me  
I'll make it all up to you, woman  
Just you wait around and see

I was wrong baby  
I thought I was having fun  
I know I was wrong baby  
I thought I was having fun  
Yes I was young and foolish  
I didn't know you was the one

Now I've settled down baby  
And I know I'll treat you right  
Oh I've settled down baby  
And I know I'll treat you right  
Yes, come on home now baby  
I want you to come on home tonight

Oh I need you baby  
Yes I need you baby  
Well I need you woman  
I need a good woman around  
Every night about this time baby  
My love comes tumbling down
