B.B. King, I Stay In The Mood

Yeah, I stay in the mood for you
'Cos I just can't help myself
Yeah, I stay in the mood for you
'Cos I just can't help myself
You've always fooling around
Givin' my love to somebody else

Still I stay in the mood for you
And I can see you everywhere I go
Still I stay in the mood for you
And I can see you everywhere I go
Well, if something soon don't happen
My heart is gonna break I know

Well, you said that you love me
You've sworn that you'll be true
But now you're tellin' stronger
That I'm just a fool you know
But I stay in the mood for you
'Cos I just can't help myself
Please come back to me baby
'Cos I'm tired of livin' by myself
