

# B.B. King, Peace To The World

Raise up your hands  
And put a smile on your face  
I'm talking to everyone  
In the human race  
We're proud and strong  
So stand up tall  
Let's all get together  
Bring peace to the world

There's a train of love  
Beginning right here  
So jump on to it  
And have no fear  
It's yours, it's mine  
We got the call  
Let's all get together  
And bring peace to the world

Let's all get together  
Bring peace to the world  
Let's all get together  
Bring peace to the world  
Every man and woman  
Boy and girl  
Let's all get together  
Bring peace to the world

Shelter the homeless  
Open your door  
Feed the hungry  
Give to the poor  
Offer your heart  
Don't think small  
Let's all get together  
Bring peace to the world

Let's all get together  
Bring peace to the world  
Let's all get together  
Bring peace to the world  
Every man and woman  
Boy and girl  
Let's all get together  
Bring peace to the world
