

B.B. King, Please Remember Me

I'm cryin' please, baby, honey, please remember me
I'm cryin' please, baby, please remember me
Well, it fills my heart with great consolation, darlin'
To know that you will remember me

Well, I want you to love me, baby
Like the snow falls on the cold, cold ground
Yes, I want you to love me, baby
Like the snow falls on the cold, cold ground
Lord, with your love like that, darlin'
I know you'll never let me down

Well, alright
Just talk to me, baby
Yes, alright

Well, when you were leavin', baby
Well, I could see the smile on your face
Oh, yes, when my baby was leavin'
People, I could see the smile on her face
Well, you know I'm so glad, people
There is no-one can take my place
