

# B.B. King, Please Remember Me

I'm cryin' please, baby, honey, please remember me  
I'm cryin' please, baby, please remember me  
Well, it fills my heart with great consolation, darlin'  
To know that you will remember me

Well, I want you to love me, baby  
Like the snow falls on the cold, cold ground  
Yes, I want you to love me, baby  
Like the snow falls on the cold, cold ground  
Lord, with your love like that, darlin'  
I know you'll never let me down

Well, alright  
Just talk to me, baby  
Yes, alright

Well, when you were leavin', baby  
Well, I could see the smile on your face  
Oh, yes, when my baby was leavin'  
People, I could see the smile on her face  
Well, you know I'm so glad, people  
There is no-one can take my place
