

# B.B. King, Slow & Easy

Slow and easy, babe, that's how I like my love  
Nice and pleasin', oh, it's really wonderful  
Movin' gently, hey, it's so good to me, yes, it is  
Move in simply and then let it build up gradually, baby  
Takin' time with love just makes it better  
So let's relax and reach our ecstasy together  
But let's do it slow and easy, baby  
Keep it like that, baby, that's how I like my love  
I like it slow and pleasin', oh, it's really, really, really good to me  
Hurried love is like a good meal down the way  
It's up and gone before you really get to taste  
Let's do it slow and easy babe, that's how I like my love  
Slow and easy, now  
No need to rush our love 'coz it ain't goin' nowhere  
So let's enjoy this time, the time we both have to share  
We've got to take it slow and easy, baby, that's how I like my love  
I like it when you're movin' simply, oh, that's how I like my love  
I like it slow and easy, baby, take your time, baby  
Slow and easy now, no need to rush, baby  
I like it slow, slow and easy, I said I like it slow and easy, baby  
Take your time, baby, there's no need to rush, baby
