

B.B. King, Time To Say Goodbye (Alternate Take)

There was a time when I loved you
That was a time baby, you made blue
There's a time for everything, baby
Now it's time to say we're through
Remember the time baby, you made me cry
And the time baby, you broke my heart
But there's a time for everything, baby
Now it's time for us to part
Remember the time baby, you made me cry
And the time baby, you broke my heart
But there's a time for everything, baby
Now it's time for us to part
They say that time, time bring 'bout a change
And I know baby, I know that's no lie
In time I will forget you, baby
So it's time to say goodbye
