

# B.B. King, Troubles, trouble, troubles, troubles

Troubles, trouble, troubles, troubles is all in the world I see  
Troubles, trouble, troubles, troubles is all in the world I see  
Oh sometimes I wonder, wonder what is gonna become of me  
When I wake up early in the mornin', blues and troubles all around my bed  
Oh when I wake up early in the mornin', blues and troubles all around my bed  
Oh I never will forget people, the last words I heard my baby said  
She said I'm leavin' you in the mornin', BB and cryin' won't make me stay  
She said I'm leavin' you in the mornin', BB and your cryin' won't make me stay  
Ah the more you cry honey, the farther you're goin' to drive me away  
Oh if you just got to go baby, I hope you will come back one day  
Oh yes if you just got to go baby, please come on back some day  
Oh but I never will forget baby, baby the way we used to love and play
