You're On Top (a.k.a. Blues In "g")

Oh, you're on the top now, baby  
But don't nothing stay the same  
I said you're up on the top now, baby  
But don't nothing stay the same  
Every once in a while, baby  
Lady luck deals another hand

Are you calling me your pal now, baby  
When i used to be your man  
Are you calling me your pal now  
When i used to be your man  
You're flying real high now, baby  
Go on and raise your sand

Oh, you're up on the top now, baby  
But don't nothing stay the same  
I said you're up on the top now, baby  
But don't nothing stay the same  
Every once in a while  
Lady luck deals another hand

Oh, i realize now, baby  
Your kind of love wasn't true  
Oh, i realize now, baby  
Your kind of love won't do  
What could have been, baby  
Hey, now has done fell through
