Babys, The

The Babys

Laura

It's been a year since we last met

But you're still clear in my mind

You gave me things i can't forget

You gave me love i still can't find

Oh laura i miss you so

Oh laura

Oh

Sometimes i see you in my dreams

When i wake up my troubled mind yeah

I found a new love for myself

You know i do the best i can

Oh laura i miss you so

Oh laura

Oh

I hope that we meet again

Oh i've rehearsed the things i'd say

And if that should never be

I'll love you 'til i'm blown away

Oh laura i miss you so

Oh laura

Oh yeah

I miss you so

Oh laura

I miss you so

Oh laura

(sometimes i see you in my dreams)
