

# Bananarama, Ghost

Like a ghost before me  
You walked back into my life  
Now I'm so confused  
Emotions bruised  
You can't turn the clock back baby  
It was far too long ago  
I may look the same  
But people change  
Now you're making me confused  
Now I can see so clearly  
Which road I have to take  
Though my heart says go  
My head tells me no  
Don't make the same mistake  
You're a ghost come back to haunt me  
Right before my eyes  
Memory taunting me  
You fill my head with lies  
Tried to put the past behind me  
Didn't want anybody to know  
What I felt inside  
Had to hide  
Couldn't let my feelings show  
Now I can see so clearly  
The road I have to take  
Though my heart says go  
My head tells me no  
Don't make the same mistake  
You're a ghost come back to haunt me  
Right before my eyes  
Memory taunting me  
You fill my head with lies  
You're a ghost come back to haunt me  
Right before my eyes  
Memory taunting me  
You fill my head with lies  
Ghost gonna haunt you  
Like a ghost gonna haunt you
