Bananarama, Movin' On (7" Mix)

You know I'll miss you, when you're gone And I can't pretend that I know when Our love started to go wrong I know we planned to stay together We just ran into stormy weather We couldn't see the dark clouds in the sky But I had no way of knowing And I don't know where I'm going But I'm movin' on We talked it over, we've said it all But who could say it would be this way But the writing's on the wall And now the sun has finally set and This is where the story ends We didn't count upon a rainy day But I had no way of knowing And I don't know where I'm going But I'm movin' on But I had no way of knowing And I don't know where I'm going But I'm movin' on I'm movin' on, I'm movin' on I know we planned to stay together We just ran into stormy weather We couldn't see the dark clouds in the sky But I had no way of knowing And I don't know where I'm going But I'm movin' on But I had no way of knowing And I don't know where I'm going But I'm movin' on I'm movin' on But I had no way of knowing And I don't know where I'm going But I'm movin' on
