

Bananarama, Riskin' A Romance

You been taking your time
Thought by now that you'd be mine
You just want fun that's fine by me
But baby don't waste my time

Good things come when you least expect them
And I'm right under your nose
You take your chances when you get them
So let your feelings show

Are you ready to be
Riskin' a romance
Come on this is your big chance
Are you ready for me
Riskin' a romance
Baby don't waste my time

I don't want to use more pressure
But can't you see
I get the pain you get the pleasure
That's not how it should be

I can always take a beating
Whoa but you take the cake
Don't you know I can't stand this fear
One day my heart will be

Riskin' a romance
Come on baby
This is your big chance
Are you ready for me
Riskin' a romance
Baby don't waste my time

Do do do do do
Come on baby
Do do do do do
I don't need waiting
Do do do do do
Riskin' a romance
Baby don't waste my time

I've been fooling around for a while
Now I'm making a move
Since we met I've been trying to love you
But its gotta take two so come on, yeah

Riskin' a romance
Well come on yeah
This is your big chance
Are you ready for me
Riskin' a romance
Baby don't waste my time

Riskin' a romance
Come on come on
This is your big chance
Big chance
Riskin' a romance
Are you ready for me
Baby don't wait
Don't wait

Riskin' a romance

Come on baby, this is your big chance
I don't need waiting
Riskin' a romance
Baby don't waste my time
Do do do do do
Come on, come on, come on yeah
Baby don't wait
Don't wait
