

Bananarama, Strike It Rich (12" Version)

Ain't life a bitch

Bitch

Bitch

Whoever said the best things are free

Let me tell you, it don't come easy

Life's a game but I still believe

You have to take it seriously

The world tells so many lies

They say

Money talks, hum

But listen to me

You gotta take control

And you can never stop

You gotta keep on climbing till you reach the top

Never giving up

Ain't life a bitch

You gotta keep on going till you strike it rich

Bitch

Bitch

Don't let them tell ya, you ain't got a soul

Only sinners cast the first stone

And even if the sidewalk ain't gold

Anyone can be bought and sold

The world tells so many lies

They say

Money talks, hum

But listen to me

You gotta take control

And you can never stop

You gotta keep on climbing till you reach the top

Never giving up

Ain't life a bitch

You gotta keep on going till you strike it rich

Bitch

Bitch

Don't let them tell ya, you ain't got a soul

Only sinners cast the first stone

Life's a game but I still believe

You have to take it seriously

The world tells so many lies

They say

Money talks, hum

But listen to me

You gotta take control

And you can never stop

You gotta keep on climbing till you reach the top

Never giving up

Ain't life a bitch

You gotta keep on going till you strike it rich

You gotta take control

And you can never stop

You gotta keep on climbing till you reach the top

Never giving up

Ain't life a bitch

You gotta keep on going till you strike it rich

You gotta take control

Bitch

Bitch

Bitch

Bitch

Gotta take control

And you can never stop

You gotta keep on climbing till you reach the top

Never giving up

Ain't life a bitch
You gotta keep on going till you strike it rich
Gotta take control
And you can never stop
You gotta keep on climbing till you reach the top
Never giving up
Ain't life a bitch
You gotta keep on going till you strike it rich
You gotta take control
