

Bananarama, Time Out

I'm taking time out in the name of love
Well I know when I've had enough
I'm taking time out
'Till you see things straight
Don't let me walk away

How come whenever we're together
It always feels like heavy weather

It's a shame it seems to be
Waste of time for you and me
But I just can't stand to see us end this way

I'm taking time out in the name of love
Well I know when I've had enough
I'm taking time out
'Till you see things straight
Don't let me walk away

You say there's nothing here worth keeping
So just close the door and I'll watch you leaving

Well I know I'm wasting time
Saying everything is fine
Still I just don't want to hear us say goodbye

I'm taking time out in the name of love
Well I know when I've had enough
I'm taking time out
'Till you see things straight
Don't let me walk away

I'm taking time out
I'm taking time out
I'm taking time out in the name of love

It's a shame it seems to be
Waste of time for you and me
But I just can't stand to see us end this way

I'm taking time out in the name of love
Well I know when I've had enough
I'm taking time out
'Till you see things straight
Don't let me walk away

I'm taking time out in the name of love
Well I know when I've had enough
I'm taking time out
'Till you see things straight
Don't let me walk away
