

# Bananarama, Wish You Were Hear

Daylight comes creeping in the morning  
And I wish I was still sleeping  
And the daytime is a long time dull and dreary  
Full of dreams of wishful thinking  
But the night-time is the one time when I miss you  
And I wish that you were with me  
And I sit and I think of you and I'm lost in  
Forgotten old memories of you  
Wish you were here with me  
I wish you were here with me  
Wish you were here with me  
I wish you were here with me  
Night-time comes seeping through my window  
And I know I should be sleeping  
But I'm thinking of the last time  
Can you hear me? Do you know my hopes are sinking?  
'Cos the night-time is the one time when I miss you  
And I wish that you were with me  
And I sit and I think of you and I'm lost in  
Forgotten old memories of you  
Wish you were here with me  
I wish you were here with me  
Wish you were here with me  
I wish you were here with me  
And I'm always thinking of you  
And I'm always thinking of you  
And I'm always dreaming of you  
Always I'm weeping in dreams  
Wishing and hoping  
Wish you were here with me  
I wish you were here with me  
Wish you were here with me  
I wish you were here with me
