

# BBX & Paul Mayre, Longing 4 You

I don't even know your name  
And I wish I could just speak to you one day  
Pondering why, why I can't  
Every moment I'm just trying,  
To do it all-out  
It's so hard  
Will I ever ever ever do it right

Only you /2x

What should I do  
I've got no clue

If only you knew  
I'm longing for you

The feeling came out  
Out of the blue

If only you knew  
I'm longing for you

I don' even remember being so afraid  
People often say that fortune favors the brave  
Pondering why, why I can't  
Every moment I'm just trying, all-out  
It's so hard  
Will I ever ever ever do it right

What should I do  
I've got no clue

If only you knew  
I'm longing for you

The feeling came out  
Out of the blue

If only you knew  
I'm longing for you
