

Bebe Rexha, Blanket

[Verse 1]

Taste, they get so tough
The nights [?] where's the love
Am I the only one
That feels alone in a crowded room

[Chorus]

Here I lie under my blanket
With nobody nothing can get me
When it gets too dark in life
I close my eyes, yeah I'm safe in the night under my blanket
I'll be alright, I'll be just fine
Under my blanket
I'll be alright, I'll be just fine

[Verse 2]

And I'll be right here till the safe to come out
Don't want no more monsters to swallow me down
Yeah I'll be right here till the safe to come out
Yeah, safe to come out
