

# Bebe Rexha, Forever Thing

[Verse 1]

Shout out to the players

[?]

Shout out to the fakers

The ones who showed me right and wrong

Shout out to the ones who broke my heart and showed me love

I'm saying, shout out to the players

'Cause baby now I know

[Chorus]

This is a forever thing, yeah

A dream come true

You are my forever thing, yeah

I feel brand new, I'm singing

I don't want nobody

Nobody but you

I don't want nobody

Nobody but you, yeah

If you ever leave me I don't know what I'd do

I don't want nobody

Nobody but you, yeah

[Verse 2]

Shout out to the day ones

The ones who were always there

Shout out to my best friend

Kept me grounded when no one cared

Shout out to the ones who had my back and showed me love

I'm saying, shout out to my baby

'Cause baby now I know

[Chorus]

This is a forever thing, yeah

A dream come true

You are my forever thing, yeah

I feel brand new, I'm singing

I don't want nobody

Nobody but you

I don't want nobody

Nobody but you, yeah

If you ever leave me I don't know what I'd do

I don't want nobody

Nobody but you, yeah
