

# Bebe Rexha, The Way Somebody Solo

[Verse 1]

I'm sorry, I'm not the most pretty  
I'll never ever sing like Whitney  
Ooh, but I still wanna dance with somebody

[Pre-Chorus]

So lets let all hearts bleed, 'til they turn to rust  
Gonna live it up, 'cause it's dangerous  
No, I don't wanna play the part  
I just wanna dance with somebody  
I just wanna dance with somebody

[Chorus]

I just wanna dance with somebody  
I just wanna dance with somebody  
It could be anybody, tell me, are you that somebody?  
Don't matter who you are, just love me the way I are  
I just wanna dance with somebody  
I just wanna dance with somebody

[Verse 2]

I'm sorry that, my lyrics ain't cool  
I know that I'm, not what you're used to  
Ooh, but I still wanna dance with somebody

[Pre-Chorus]

So lets let all hearts bleed, 'til they turn to rust  
Gonna live it up, 'cause it's dangerous  
No, I don't wanna play the part  
I just wanna dance with somebody  
I just wanna dance with somebody

[Chorus]

I just wanna dance with somebody  
I just wanna dance with somebody  
It could be anybody, tell me, are you that somebody?  
Don't matter who you are, just love me the way I are  
I just wanna dance with somebody  
I just wanna dance with somebody

[Bridge]

Bloody noses, speeding cars  
Lethal doses, desperate hearts  
Roll it up 'cause we so ill  
Heaven knows we love the thrill  
No, I don't wanna play the part  
I just wanna dance with somebody  
I just wanna dance with somebody

[Chorus: Bebe Rexha]

I just wanna dance with somebody  
I just wanna dance with somebody  
It could be anybody, tell me, are you that somebody?  
Don't matter who you are, just love me the way I are  
I just wanna dance with somebody  
I just wanna dance with somebody  
I just wanna dance with somebody  
I just wanna dance with somebody  
It could be anybody, tell me, are you that somebody?  
Don't matter who you are, just love me the way I are  
I just wanna dance with somebody  
I just wanna dance with somebody
