

# Beck, Rental Car

Hey now girl what's the matter with me  
We're on a back road something to see  
Straight as a razor kickin the dust  
Diggin thru ditches and fallin to rust

Takin me far  
Far as a rental car can go

Hey now girl at the end of the road  
Down where the reaper is walkin alone  
Singing a death knell  
Clappin along  
At the end of the night  
There's a road we'll be on

Takin me far,  
Far as a rental car can go
