

Bednarek, Sailing

I am sailing
I've got a trip so long
It's a long way home to you
I am sailing
I've got a trip so long
It's a long way home to you

I've found the place in your soul
Where I hide my fears
Unbelievable feeling
Oh, can't you see
How long this rocky journey took me?

If follow the ... ways
Where nobody wanna o come and say
I wanna be close to you
Only you
I.. come and pray
Time after time we raise and ...
Though the wind of change like a
I gotta find the way.

I am sailing
I've got a trip so long
It's a long way home to you
I am sailing
I've got a trip so long
It's a long way home to you

Now you're so far away
I pray for our love
Like a flame won't fade away
We have to be crystal clear
Let's try to feel
Natural mystic in the atmosphere

If follow the ... ways
Where nobody wanna o come and say
I wanna be close to you
Only you
I.. come and pray
Time after time we rose and fell
Though the wind of change like a spell
I gotta find the way.

I am sailing
I've got a trip so long
It's a long way home to you
I am sailing
I've got a trip so long
It's a long way home to you
