

# Behemoth, Wolves ov Siberia

...  
let it be forever hell  
lost in your world  
let it be forever unknown  
.... to ride the World

Wolves ov Siberia

...  
guilty eyes  
beyond the...  
beyond material  
we reject  
we fuckin deny

let it be forever hell  
lost in your world  
let it be forever unknown  
.... to ride the World
