

# Ben Folds, Fired

lucretia walks into a room  
because she does  
it's not the same room  
the one she wanted to be in  
she says  
everywhere i go, damn there i am  
and i just wanna walk away  
won't you let me walk away sometimes  
i just wanna walk away  
every one of you is fired  
i'm just an ordinary guy  
and all i want is to be loved  
is that so wrong?  
don't think that i don't know  
what yo'ure syaing about me  
i hear it all through these thin walls  
and i just wanna walk away  
won't you let me walk away this time  
i just wanna walk away  
every one of you is fired
