

# Ben Folds, Still (Reprise)

I must give the impression  
That I have the answers for everything  
You were so disappointed  
To see me unravel so easily  
It's only changed  
Only everything I know  
Even the things that seem still  
Are still changing

Mother misses her baby  
But I only wanted to be me  
She changed address and haircuts  
And boyfriends and light bulbs, it's easy  
But it's only change  
Only everything I know  
Even the things that seem still  
Are still changing

I stay focused on details  
It keeps me from feeling the big things  
But watch the microscope, longing  
Of things that seem still are still changing

Even the things that seem still are still changing  
Even the things that seem still are still changing  
Even the things that seem still are still changing  
Even the things that seem still are still changing
