

Ben Folds, There's Always Someone Cooler Than

Smile

Like you've got nothing to prove
No matter what you might do
There's always someone out there cooler than you

I know that's hard to believe
But there are people you meet
They're into something that is too big to be

Expressed
Through their clothes
And they'll put up with all the poses you'll throw
And you won't

Even know
that they're not sizing you up
They know your mom fucked you up
Or maybe let you watch too much TV

But they'll still look in your eyes
To find the human inside
You know there's always something in there to see

Beneath
The veneer
Not everybody made the list this year
Have a beer

Make me feel tiny if it makes you feel tall
But there's always someone cooler than you

Yeah, you're the shit but you won't be here for long
Oh, there's always someone cooler than you
Yeah, there's always someone cooler than you

Now that I've got the disease
In a way I'm relieved
'Cause I don't have to stress about it like you do

I might just get up and dance
Or buy some acid-wash pants
When you don't care then you got nothing to lose

And I won't
Hesitate
'Cause every moment life is slipping away
It's ok

Make me feel tiny if it makes you feel tall
But there's always someone cooler than you

Yeah, you're the shit but you won't be it for long
Oh, there's always someone cooler than you
Yeah, there's always someone cooler than you
Oh, there's always someone cooler than...

Life is wonderful
Life is beautiful
We're all children of
One big universe
So you don't have to be a chump

And you know (you know)
That I won't (I won't)

Hesitate (hesitate)
'Cause every moment life is slipping away (away)
It's ok (it's ok)

Make me feel tiny if it makes you feel tall
Oh, 'cause there's always someone cooler than you

Yeah, you're the shit but you won't be it for long
But there's always someone cooler than you
Oh yeah, there's always someone cooler than you
Because there's always someone cooler than you

Cooler than you (boy)
Cooler than you (girl)
Cooler than you (sir)
Cooler than you (my lady)

Oh
Nerds go wild
Yeah Yeah
