

BENNY CRISTO, Omega (Eurovision 2021)

Honestly, don't care
I am happy you're here
Tryna make you smile for a while now
I am like:
Omega, you're beautiful
Why don't you come over and have it
Why don't you let me have it

I didn't do a lot of dumb
Lot of things i wish i didn't do
Baby, come back , won't you?
Back, come back, hey
I am crazy,
Is it crazy to leave you?
Baby, come back , won't you?
Back, come back, hey

You said you're still too mad
About tchem thing i did
But i don't know what i did, baby
You said you again
Feel down to blame apocalypse
There ain't no apocalypse
Long as you'ew here on my lips

Honestly, don't care
I am happy you're here
Tryna make you smile for a while now
I am like:
Omega, you're beautiful
Why don't you come over and have it
Why don't you let me have it
