## Beyoncé, Closer I get to you

The closer i get to you The more you make me see By giving me all you got (tell me more) Your love as captured me Over and over again I tried to tell myself that we Could never be more than friends But all the while, inside, i knew it was real The way you make me feel Lyin' here next to you Time just seems to fly Needing you more and more (more and more) Let's give love a try Sweeter and sweeter love grows And heaven's there for those Who fool the tricks of time With hearts of love will find True love in a special way Come a little closer so that we can see Into the eyes of love Just a little closer let me speak to you I want to softly tell you something Come a little closer let me whisper in your ear Cuz i wanna tell you something Move on in real close so we can celebrate The way we feel a bout each other's loving
