

# Beyoncé, Smash into You

Head down... as I watch my feet take turns hitting the ground.  
I should...I find myself in love racing the Earth  
And I'm soaked in your love ,oh  
And I was right in my path, in my grasp  
And needing you,belong  
I wanna run... Smash into you  
I wanna run ... Smash into you  
It flows...what I hear noone else has to know.  
'cause I know in what we have is worth first place in gold  
And I'm soaked in your love,  
And I was right in my path, in my grasp  
And needing you, belong  
I wanna run.. smash into you  
I wanna run... smash into you  
Smash into you  
Head down... as I watch my feet take turns hitting the ground.  
I should, I'm in love and I'm racing the Earth  
And I'm soaked in your love ,oh  
And I was right in my path ,in my grasp  
And needing you,belong  
Oh, I wanna run.. smash into you  
I'm willing to run, smash into you  
I'm willing to run and run and run and run  
uhuhuhuh  
I'm ready to run and run and run and run  
and I wanna run..  
smash into you  
I'm willing to run...  
smash into you...
