## Beyoncé, Stop Sign

I like to feel so high and you feel good feeling low I like my colours vivid and you paint your colors gone I like to see the world and you like your week in tone but I've been staying behind while you refused to go (Chorus) 'Cause you're such a burden but you're the weight off of my shoulders 'Cause even though I'm hurting it still feels like it's time I'm growing When I thought that we'd grow up and grow together the same time guess I passed you by at that old " Stop" sign At that old "Stop" sign You like to sleep all day and I like my minutes owed I like trips to the movies you watch TV all night long I like to go out dancing and you go out just to hang And I've been right beside you losing me and doing the same (Chorus) 'Cause you're such a burden but you're the weight above my shoulders 'Cause even though I'm hurting it still feels like it's time I'm growing When I thought that we'd grow up and grow together the same time guess I passed you by at that old &guot; Stop&guot; sign At that old "Stop" sign I looked around and baby you were gone Where did I lost you honey I even slowed down thought you'd follow But you took your own roads honey 'Cause I've been traveling traveling traveling only to find you I'm making this trip alone And I've been staying behind while you refused to go (Chorus) 'Cause you're such a burden but you're the weight above my shoulders 'Cause even though I'm hurting it still feels like it's time I'm growing

When I thought that we'd grow up and grow

guess I passed you by at that old " Stop" sign

together the same time

At that old "Stop" sign
