

# Big Head Todd And The Monsters, Family Situation

Like Bonnie and Clyde, we got a family situation  
Yeah, we mighta done it but it wasn't premeditated  
Now she is your con man, now I am your hooded guru  
Now she is a family man, paying family dues

She, she drive a fancy car with gold letters  
Me I got a Nova painted black checkered  
Now I am a money man, now I am an evil fool  
Now that I'm a family man, I'm paying family dues

Baby took the World Bank, might have got 30 million  
Security was tight, it was too late for disappearin'  
But she love me on the job site, love me on the getaway too  
Love me like a family man, paying family dues  
But she love me on the job site, love me on the getaway too  
Love me like a family man, paying family dues
