

Big Head Todd And The Monsters, I'm Glad (At C

Well, I was flying from the North Pole on my once a year deal
I had some toys in the back, I had some reindeer at the wheel
Goin' down your chimney in the middle of the night
I was a-laughin' and a-jokin', and a-feelin' all right

Well, I'm glad
At Christmastime
Well, I'm glad, glad, glad
It's Christmastime

Ease down the highway in my red Christmas sleigh
Well, when people see me coming they don't know what to say
I'm the real rockin' Santa, here to spread my good mood
I got my lucky pipe, I got my fancy red suit

'Cause I'm glad
At Christmastime
Yes, I'm glad, glad, glad
At Christmastime

Well, I was movin' through my load of the holiday cheer
I was reachin' out to neighbors, holding loved ones dear
If someone is lonely on this cold Christmas night
Well, it's time to show your love, it's time to show them your light

Well, I'm glad
At Christmastime
Well, I'm glad, glad, glad
It's Christmastime
