

# Big Head Todd And The Monsters, It's Over Again

Hey pretty lady I could make love to you over and over and over and over and over and over again  
Never ever never ever never ever find in you a friend  
Seem to be coming around to the same old place  
Same old place again  
Must have loved somebody once but I couldn't tell you where  
Couldn't tell you where or when

Ooh, you really want me to be over again  
And I really want to be alone again

Gonna do some time in purgatory to make amends  
God wants me to grow some flowers in heaven

For every love every love every love that I ever had  
That I ever had for pretend

Ooh, you really want me to be over again  
Yes, I really want to be alone again

Are you still there
